

**BORDERS BRANCH REPORT
2019 AGM**

The 2018 AGM of the Border Club was adjourned "to a date and place to be determined" in the light of the Committee's decision not to hold Annual Dinners unsupported by the School.

It was recognised that there are indeed other means of promoting the School in its catchment area, but these are most likely for others than the Club's current Office Bearers to pursue.

During the year, we held a celebratory informal dinner to thank those who had done so much for the Club during its latest reincarnation.

It was a most enjoyable evening which it is hoped will be repeated in the new year. It is hoped that a picture or two will feature in the Magazine.
